**NATURE OF THE APPLICATION**

6. This is a Joint Application for the approval of the Emergency Power Supply Agreement ("EPSA") entered into by and between DORELCO and EDC, being submitted to this Honorable Commission for its review and approval.

STATEMENT OF FACTS

7. DORELCO is in immediate need of a 2MW contracted capacity for around one (1) year<sup>1</sup>. To maintain an uninterrupted and reliable power supply due to a high level of supply deficit of at least 2 MW, DORELCO decided to source the needed power at affordable and cheaper generation rates to help minimize the exposure of its customers to volatile Wholesale Electricity Spot Market (“WESM”) prices.
8. Pursuant to Department of Energy (“DOE”) Department Circular 2018-02-003, as amended by DC 2021-09-0030, DORELCO is allowed to enter into a negotiated procurement of emergency electric power supply agreements with a generation company for a period not exceeding one (1) year subject to such terms and conditions provided under Section 2.2.1.2 of DC 2021-09-0030.
9. DORELCO wrote to the DOE requesting for the issuance of Certificate of Exemption for a negotiated procurement of 2MW emergency power supply from EDC. The Letter expressed DORELCO’s urgent need for supply of electricity due to circumstances beyond the control of DORELCO, and the limited time to conduct the said Competitive Selection Process (“CSP”).
10. On 31 August 2022, DOE, in response to DORELCO’s letter-request, issued Certificate of Exemption No. COE-CSP-2022-08-038, exempting it from the conduct of the CSP for the procurement of emergency electric power supply.
11. In view of DORELCO’s supply deficit of at least 2MW for the period of 26 August 2022 to 25 August 2023, based on its Supply-Demand Scenario, and to protect its consumers from high electricity prices, DORELCO solicited for emergency power supply for one (1) year.
12. In response to DORELCO’s demand, EDC has offered to supply a portion of the emergency electric power supply requirements of DORELCO at a rate equivalent to or lower than the ERC-approved generation tariff for the same or similar technology in comparable areas, and DORELCO has accepted the offer of EDC. Applicants executed the subject Emergency Power Supply Agreement (“EPSA”) for the supply of 2 MW emergency power supply to DORELCO<sup>2</sup>.

*(This space is intentionally left blank.)*

---

<sup>1</sup> Under the EPSA, the term shall end on the last day of the Cooperation Period, which shall not be later than the date prescribed by the DOE in the Certificate of Exemption; both the EPSA and the Certificate of Exemption provide for the period of 26 August 2022 to 25 August 2023.

<sup>2</sup> DORELCO and EDC executed a letter confirming that the Contracted Capacity for supply under DOE Certificate of Exemption No. COE-CSP-2022-08-038 is 2MW.

**ABSTRACT OF THE POWER SUPPLY AGREEMENT AND  
RELATED INFORMATION**

13. Under the EPSA, EDC shall supply power to DORELCO for the term of the Cooperation Period, or unless sooner terminated pursuant to the EPSA, with a Contracted Capacity of 2 MW.<sup>3</sup>
  - 13.1 Supply of Electricity – EDC shall make available to DORELCO the Contracted Capacity from the Power Plant and/or Other Sources throughout the duration of the Cooperation Period, subject to Section 2.2.1 of the EPSA. The Parties agree that EDC shall have no obligation to supply more than the Contracted Capacity to DORELCO. DORELCO shall submit to EDC the week-ahead and day-ahead Daily Generation Schedule. DORELCO shall purchase and EDC shall supply, for each Billing Month in accordance with Nomination and Dispatch Protocol.
  - 13.2 Purchase of Electricity – DORELCO is obliged to purchase the Minimum Contracted Energy throughout the duration of the Cooperation Period.
  - 13.3 Start of Supply of Electricity – The supply of electricity by EDC and acceptance by DORELCO shall start no later than Initial Delivery Date which shall mark the beginning of the Cooperation Period or such earlier date as the Parties may mutually agree upon in writing, and the satisfaction of the conditions precedent under Section 11 of the EPSA.
  - 13.4 Electricity Fees – Electricity fees shall be 5.8798 PhP/kWh for the billing period August 26, 2022 to December 25, 2022. Beginning January 2023 billing period, the Electricity Fee shall be in accordance with the formula in Schedule 3, multiplied by (a) the Minimum Contracted Energy corresponding for the applicable billing period or (b) BCQ, whichever is higher. In relation to the supply of electricity, it is understood that any charges, costs, expenses, and fees that may be charged to, incurred and/or assumed by EDC or otherwise imposed by NGCP, any Governmental Authority or any third party, for transmission and/or Ancillary Services and other related services in connection with the delivery of electricity under the EPSA shall be paid by DORELCO.

**RATE IMPACT ANALYSIS**

14. DORELCO simulated a rate impact analysis which resulted in a PhP 0.9046/kWh decrease with the execution of the EPSA with EDC, as can be seen below:
